WORK EXPERIENCE

2006 - 2007 **Project leader / developer** for the company Astrata Software (www.astrata.com.mx). Responsibilities included managing the whole team, controlling goals and changes, meeting with clients and developing (programming) depending on each project. In total I participated in 5 projects:

- E-commerce site Vapaya.com for home-delivered food
- Building projects catalog for www.mdscabo.com
- Clubs and events magazine www.twoantro.com (leader)
- Camping subscription system at sistema.kincamp.com (leader)
- Private web app for ideas management for [Play](#)
- Medical reservations system for [Lanco](#) (leader)

2006 **Quality Evaluations for Liverpool department store** system development within the company *EquitySS*, México City. I developed a CakePHP/MySQL app website to automate the evaluation process, and a MS Access app to locally manage the information. Non-public website on the Internet: www.equitycalidad.com. Did also provide programmed Excel sheets for automating statistic calculations for other client's evaluated companies.

2005 **Independent project "Mathematics Book"** for a private high school in Acapulco, Guerrero, México. I worked with a designer to build an interactive chapter with geometry contents using Macromedia Flash MX 2005 (the animations are still listed in <http://www.geocities.com/chicuribiri>).

2004 **Sales Agent in America Mobile** (mobile phones distributor) in El Paso, Texas. My responsibilities included offering products to the public in a Commercial Mall, performing sales and line activations, opening and closing locals. 100% English.

*I can provide references for any of the above listed.

CURRENTLY

Isolated web developments. I act as freelancer developing some small and medium sized projects. I normally work alongside other freelancers in the IT and Design areas. Projects: clubbonsai.com | ledtec.com | levogiro.net | ledtec.com

IMPORTANT SCHOOL PROJECTS

2005 Private web system (PHP+AJAX+DHTML) for Sun Microsystems México for automating economic forecasting of projects. Software Architecture Course, ITESM CSF.

2006 e-commerce Catalog (PHP+OSCommerce+DHTML) for **HEROS Toys México** (German wooden toys). Business clinic course, ITESM CSF.
